COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 13, No. 6. The County Seat Paper NEVADA CITY, CALIFORNIA The Gold Center FRIDAY, JANUARY 20, 1939.

From the Californian, March 15, 1848:
The Liberty of the Press consists in the right to publish the Truth, with good motives and for justifiable ends. — Alexander Hamilton

Thinking Out Loud

By H. M. L.

Does Tom Mooney whistle when he goes down Barket past the corner of Steuart?

Speaking of Mooney, it is signicant that he no longer commands front page space. The spot light has moved on to more important news.

A poll of the American Bar Association revealed a five to one vote in favor of Felix Frankfurter's appointment to the Supreme Court. Attorneys regard him as a sound student and thinker.

The battle to keep Harold Ickes from setting up any more unwanted and unneeded National Parks in California is going forward in the State Legislature. If Ickes can grab another slice of territory from the Forest Service in Kings River Canyon, he can do the same thing here in the Tahoe Forest. Better join San Joaquin valley in the fight by writing your state Senator Jerrold Seawell and Assemblyman Thurman, NOW.

Harold Ickes, Secretary to the Interior, is apparently the heir of Gen. Hugh Johnson's talent for catterwauling and vituperation. At the Town Meeting debate last week, he viciously attacked the newspapers and particularly Editor Gannett, his opponet in the debate.

Vile as Mr. Ickes painted the press, Gannett completely answered him, by showing that even though the great majority of newspapers of the country is opposed to New Deal dictatorship, it has faithfully reported everything the New Deal has done, good or bad, regardless of attempts to control the press ,and also regardless of the vast propaganda machine the New Deal has set up in Washington.

We might add that the mail of every newspaper office in the country is burdened with one sided reports of the divine blessings that flow from the Messiainic administration. The tax payers foot the bill for the tons of this franked "literature," with which scores of government agencies flood the mails. The bill is presented in the postoffice deficits.

At the Town Meeting, Mr. Ickes was asked whether there were no "good" papers in the country. He named a half dozen. They were all editorially pro-New Deal. The great majority are wicked, biased, "bought," or controlled from the "counting room." Mr. Ickes heard a great roar of laughter when this angle of the debate was developed. It may have a salutary influence on this "spokesman" for the New Deal.

Whatever may be said of the President and his policies, all those who give thought to the welfare and health of our children will praise his plan for the alleviation of infantale paralysis suffering. Our local President's Birthday party, takes place Saturday night, January 28. All those that can "shake a leg" should go to the Memorial building and help swell the benefit fund. This year there is added a feature called the "March of Dimes." Let us all join that march.

The news of wars in Europe and Asia continues to inspire gloomy forebodings in all democracies. The French people are just waking up to the prospect of having Italy as a western neighbor in Spain. The leftists of France are raising a clamor and demanding that help be given the Spanish loyalists. With all Spain exhausted by the civil war, it is pointed out, it will be comparatively easy for Il Duce to take over control, following a Franco victory. France shudders at the prospect.

NEW PROPERTY OPENING

Mr. and Mrs. Robert Ewing left Sunday for a mining property eight miles east of Forest Hill. With partners they plan to work all winter. Supplies and equipment were rushed to the property in recent weeks. A new cottage was built last week and all work was hurried before the storms set in. It is a quartz property and holds promise of good returns in gold.

Idaho Maryland Is State's Premier Mine Says S. F. Weekly

Probably the largest and richest mine in Grass Valley today, and in California, says the Argonaut of San Francisco, is the Idaho-Maryland. For this great property's present operations and bright future, the camp has to thank the indomitable courage and clear vision of Errol MacBoyle, who came to Grass Valley some 25 years ago—young ambitious mining engineer just out of college. The mine had been closed nearly 20 years but his study of the mine records and the district's formation convinced him that the property contained vastly greater riches than the $20,000,000 or more it had yielded to previous operators. He started reopening the mine in 1914. Courage, faith and everlasting persistence were required in securing options and capital.

Because Mr. MacBoyle possessed these qualities to a marked degree, continues the Argonaut, not only do the Idaho Maryland's stockholders today own one of the half dozen or so largest and richest gold mines on this continent, but 800 men are employed on the property. Their employment in turn affords work for fully three times as many more in Grass Valley and in industries dependent on mining. In other words, success of one venture here has brought opportunity to thousands more.

There is no clear record of how much gold has been produced in the Nevada City-Grass Valley district in early days. Only since 1880 is there an accurate record. It is stated there is evidence that the Empire Star has given up more than $90,000,000 in gold and that more than $35,000,000 has been taken from the newer and more virgin Idaho-Maryland from above the 2,50 foot level.

Inasmuch as it has been estimated that 800 working miners will sustain a general community of ten times their number, it is obvious that the 2,500 men working today are sustaining some 25,000 persons in Nevada County and in the great supply centers such as Sacramento and San Francisco. Mines are enormous consumers of lumber, steel, powder, power, etc. If the mines in this area were suddenly to close down as a result of power shortage or destructive legislation, the business of California would get a jolt it would long remember.

SCOUTERS TO HEAR JUSTICE PULLEN JAN. 24

Presiding Justice of the Appellate Court of California, J. F. Pullen, of Sacramento, will address the men of the Tahoe Area Council and their wives at the annual dinner meeting next Tuesday, January 24 at seven o'clock at the Auburn Hotel. Judge Pullen has been an interested worker in scouting for a long time and for the past several years has been regional chairman for Regional 12 of the Boy Scouts of America.

Council officers will be installed by K. D. Robinson, past president of the council. Judge J. B. Landis, also a past president of the council will present 5-10-15 year veteran awards to both scouts and scouters. Thirty two scouts and scouters are eligible for 5 year veteran awards; 7 scouters are eligible for 10 year and one scouter is eligible for fifteen year.

District Attorney Lowell L. Sparks Tahoe Area Council president will preside at the meeting. Large delegations are expected from each community of the three counties, Nevada, Placer and Sierra, which make up the Tahoe Area Council territory.

ROUND MOUNTAIN PROPERTY

The Round Mountain property, backed by local business men, is in the hands of the Crook interests of Los Angeles, according to reports. It is expected the company will raise sufficient funds to go ahead with their work in the near future. Last year the company sunk a 125 foot shaft and found a large deposit of low grade ore. Plans are to sink about 500 feet to develop and prove ore bodies. The Round Mountain property is on Round Mountain north of Nevada City.

BLUE POINT GRAVEL PROPERTY

The Calmich Gold Mining Company has taken over the old Blue Point gravel mine north of Smartsville. J. R. Elmenderf is superintendent and lives at Smartsville. Eight men are taking ore from a 250 foot incline shaft and a quantity of machinery is going to the mine. When the property is in full operation about 15 men will be employed. It is understood San Francisco interests are working the property. The Tintic Standard Company of Utah were the former operators and it was later leased by Asa Fippin of Smartsville. This ground was extensively hydraulicked in early days. Operations started in 1852.

TRUCKEE GIRL WINS ESSAY CONTEST

Nevada County's lucky student, in terms of the Golden Gate International Exposition, is Alice Gordon, Meadow Lake Union High School, Truckee. In the essay contest, sponsored by the Women's Board of the Exposition, open to the students of the high schools and junior colleges of California, and concerned with the general subject, "The Contribution of the Countries of the Pacific area to Contemporary Civilization," the prize for Nevada County has been won by Alice Gordon with the essay, Contribution of Aztecs to Civilization. The award is a scrip book of twelve admissions to the exposition good for any time during the ten months period, and which may be shared with the winner's family or friends.

Prize winners have been selected from more than 40 of the 58 counties. The successful contestants in the various counties were selected by judges named by the County Chairman of the Committee functioning under the Women's Board of the Exposition. Nevada County's chairman is Miss Bernice Glasson of Grass Valley.

Winning the county prize, automatically enters Alice Gordon's essay for competition with other successful county contestants, for a single cash prize offered to the state winner in addition to the scrip book. A committee, with Mrs. Alfred McLaughlin as its chairman, will announce the winner of this state award on February 1, 1939.

SLIGER MINE

A shaft has been sunk to the 1260 foot leve in the Sliger mine east of Auburn and enough ore blocked out to keep the mill running ten years. The operating company is known as the Middle Fork Gold Mining company with C. W. Plumb as general manager and E. Syms of Nevada City is superintendent. About 80 men are employed.

GOLDEN DAWN PROPERTY

The Golden Dawn or old Cooley property now owned by Mrs. C. Cooper is being developed by Luce and Tompkins. The tunnel is in 1,000 feet and it is expected the channel will be struck at 200 feet. Four men are employed.

HOT WATER MINE

J. L. Jackson and partner are installing another mill on their Hot Water mine one mile above Graniteville to replace one burned down about three months ago. The mill is being constructed down on the property near the ore bodies.

CAMPTONVILLE CLAIMS FIRST PELTON WHEEL

Camptonville, Jan. 18, 1939
Mr. Harley M. Leete, Editor,
Nevada City Nugget,
Dear Mr. Leete:

I wish to take exception to an article on the front page of your issue of January 16th., wherein you state that the first Pelton Wheel was taken to Sacramento by Landis Brothers for exhibition purposes.

I beg to inform you that the first Pelton Wheel is right now in the town of Camptonville and belongs to Miss Lydia O. Groves, local postmaster. As you may know the Pelton Wheel was invented in Camptonville. A monument now stands here in memory of this pioneer and his invention. He boarded with Miss Groves' mother, and while living there made his first wheel to operate Mrs. Groves' sewing machine, and this first wheel has remained in the Groves family all these years.

If Landis Brothers have taken a wheel from Nevada City and are putting it on exhibition with the label that it is the first and original Pelton Wheel they are misleaing the public and this should be stopped. The Pelton Water Wheel Company or any other reliable informant can tell you that the original first Pelton Wheel is where it was first invented, in Camptonville.

Trusting that you will pass this information on to Landis Brothers, I am, Very truly yours,
ACTON M. CLEVELAND.

INJUNCTION IS GRANTED BANK OF AMERICA

By agreement with attorneys on both sides, it was stipulated in District Court of the District of Columbia on Tuesday of this week that the Securities and Exchange Commission should not take up any matter concerning the Bank of America in its current hearings on Transamerica Corporation, until the court has ruled on injunction proceedings brought by attorneys for the corporation.

It is contended in the proceedings that the commissioners acted in violation of the law, and an injunction is sought to prevent the Commission from "attempting to control the policies of Bank of America." The bank, according to the suit, is under authority of the Comptroller of the Currency and its books are regularly examined by the national bank examiner.

In commenting on the case, L. M. Giannini, president of the bank, stated that the interests of depositors, borrowers, stockholders and public demanded that banks follow methods prescribed by law, and that there is no authority for the Securities and Exchange Commission to examine the books and affairs of the bank.

In accordance with Tuesday's court agreement, the SEC hearings, on resumption Wednesday, will take up only such matters as concern Transamerica Corporation. On Monday, January 23, the court will hear arguments by attorneys on the petition for a permanent injunction.

"The bank has no desire to withhold information," Giannini stated, "in fact, has already given full information, which has been accepted by the government body having proper jurisdiction."

MELVILLE PROPERTY

Sixteen men are employed by the Melville interests at North San Juan testing gravel channels on the large tract of property the company recently took under option. Two drills are at work about a half mile below Columbia Hill. The new company is financed by British interests.

KELLER MINE

Ore is being milled at the Keller mine near Graniteville. A shortage of water is holding up operations. It is stated some new equipment is to be installed to assist in procuring more water for operations. Plans are to work all winter.

Survey Reveals Gain In Nevada County Mine Employment

Mining employment in Nevada County shows another increase as compared with the survey last month. Reports from active properties are 2,568 men employed as compared with 2,540 last month, and this despite the fact that Shovel Placers, employing 40 men, has closed pending reorganization. The mining payroll for the country is now up to $385,000 per month. Among quartz mines, the Azalea, Giant King and Taylor have joined the inactive list. Among the mines to resume activity are the Gracey and Golden Dawn. Chief gains in employment are reported in the Idaho Maryland properties.

The Shovel Placers is expected to be reorganized in the next few weeks The gravel available is still about three fonrths of the original holding.

The following reports have been received from active mines, placer and quartz:

LAVA CAP MINE

Superintendent Otto E Schiffner of the Lava Cap mine at Nevada City reports crews will be through the sinking program in the Central shaft by the end of this month. The shaft is down to the 12th level or about 2,300 feet. It is estimated approximately 325 tons of ore per day are being milled. The mine employs 265 men.

IDAHO-MARYLAND MINES

The Idaho-Maryland mines corporation gives out the following list of employees as of the last day of December, Idaho mine, underground 276 men, surface 126, mill 29; New Brunswick underground, 205, surface, 43 and mill 13. There are 50 men on the office staff and other official work, with 10 employed on the ranches. When the company closed the Georgtown properties about a month ago men were given work on the other properties of the corporation as far as possibe. Since about the first of the year 25 men have gone to work and nearly all of these are at the New Brunswick.

BLACK SWAN EXTENSION

Walker and Towers have sunk a 20 foot shaft on the Black Swan Extension gravel property in the Mooney Flat district. The small tube mill is 13 feet long and will handle 30 tons of ore per day. Plans are to sink 100 feet and install a steam hoist. The property is leased from the Interstate Land Company.

DAN STEWART IS ROTARY SPEAKER

Dan Stewart, manager of the Pacific Gas & Electric company in Nevada county gave the Rotary club at luncheon yesterday an interesting address on the history and process of manufacturing. Incidentally he stated that officials of the company were now considering the feasibility of bringing natural gas from the new fields developed in the vicinity of the Marysville Buttes to Grass Valley and Nevada City, and that in the course of two or three months, an announcement regarding the project may be expected.

The first company to manufacture gas, Mr. Stewart stated, was organized in Baltimore 1816, and in 1822 Boston was supplied with gas for lighting.

San Francisco in 1854 was the first city on the Pacific Coast to install a gas lighting system, Marysville was second in 1858 and Nevada City was third in 1859. The first gas works in this city were built by J. S. Kaneen and Amarich Pierce in the present Pacific Gas & Electric lot on Main street near Commercial. It passed through various ownerships but in 1899, the P. G. & E. bought out the local owners, then headed by Mrs. Meyers Allen. The first gas sold in Nevada City was at the rate of $5 per thousand cubic feet. Grass Valley organized a gas company in 1862 and their rate was $10 per thousand cubic feet.

Mr. Stewart gave an interesting description of the process of making gas from oil or coal, using a chart to illustrate the course of the gas as it rises from red hot bricks and passes through several chambers in the coudse of which it is freed of impurities.

INJUNCTION IN DITCH DISPUTE DISSOLVED

The temporary injunction restraining the F. Ross Croft from using the water of the You Bet ditch for placer mining purposes issued some days ago at the behest of Alpha Stores Ltd., and the N. I. D. was dissolved yesterday morning by Judge Landis, sitting in the local superior court. Motion to show cause was continued to February 4.

Attorney Frank Finnegan represented Croft and Attorney Ward Sheldon the N. I. D. and Alpha Stores. Attorney Finnegan was able to show that the title to the ditch and its water had not been established. This is the same ditch over the use of which many years ago, Jerry Goodwin killed a man named Blew and his son.

DEER CREEK UNION PROPERTY

Two men have a lease on the Deer Creek Union mine in the Banner Mountain district which is owned by Capt. George A. Nihell and is under option to Sacramento interests. Machinery is being taken to the property for active development. One of the first famous old Pelton wheels are at this property and has been used up until recent times to generate power for operations.

ACE-IN-HOLE PROPERTY

Moore Costello and partners have sunk a 100 foot shaft on the Ace-In-a-Hole property at Nevada City's western limits and started drifting on the 18 inch vein of fine grade milling ore. About 100 tons of ore are on the dump awaiting installation of a mill nearby. The property adjoins the Mountaineer and Champion properties.

ATLAS DREDGING COMPANY

The Atlas Dredging company has its dragline boat working on the Larson and Kline ground moving many hundreds of yards of gravel per day. These ranches are west of Nevada City on Deer Creek.

"Counterfeit" Wages

For the last year, one Jack Brickey had a lot of fun with a $10,000 Treasury note in his Illinois bar. A practical joker had tendered it as "payment" for a drink. Imagine the surprise of Mr. Brickey on discovering that the note is genuine.

Before that discovery, the note had no purchasing power with Mr. Brickey. On the other hand, when German post-war inflation was at its height, Mr. Brickey would not have exchanged a glass of beer for a genuine German note for 10,000 marks, for a genuine German note was virtually valueless.

The practical value of money can be measured by only one yardstick—its purchasing power. Completing a study along that line. the National Association of Manufacturers announces: "A factory worker in the United States can buy four times as much food and clothing with an hour's wages as a German worker, nine times as much as an Italian worker, and nearly twelve times as much as a Russian worker."

Since 1929 American workers, along with business men and investors, have experienced bleak times. But through it all this nation stuck to the basic rules of Democracy, while other nations have taken different paths—into Fascism, Nazism, Communism. Today—save for a vociferous leftist minority—American Labor is aware, as never before, that only the Democratic system of free industrial enterprise can maintain high "real wages"—and that "real wages" must be the reward of capital as well as of labor.

The comparatively "counterfeit" wages of European toilers, and the bankrupt financial structures of Europe's dictator-directed nations, are object lessons that should strengthen the faith of all Americans, employers and employes alike. that cooperation and freedom are the foundations of the real prosperity that makes possible "real wages."—Contributed.

Hail-And Farewell

California said good-bye last Saturday night to a host of picturesque old friends. For the last time. the multitude of commuters, thoughtful and silent, crossed San Francisco bay on the fleet of ferryboats. Old men for the last time walked from the decks they first trod as boys. Not alone to Californians, but to millions of travelers the world over, the sturdy, white ferryboats were a tradition, an inherent part of the color of the Golden State of California.

They are gone—replaced by fast, streamlined interurban trains speeding across the San Francisco-Oakland bridge. And so new color replaces the old—a new beauty of modernization: graceful trains outlined against the sky, speeding on a bridge, so vast and tall that in the far distance it appears as a fragile lacework of steel bearing a child's electric toy.

The law of progress is inexorable—and it is good. Throughout the world still greater fame will reward the California enterprise and engineering genius that has spun a mammoth bridge across that wide expense of ocean. A new tradition, of grandeur as well as beauty, will grow to be cherished by those now young. A wistful farewell to the old, and a glad hail to the new!—Contributed.

From Aunt Sarah

Aunt Sarah just can't help but remind you to keep the cooky jar filled. This Orange Marmalade drop cookie recipe is easy to stir up and when you have the oven hot you might just as well put a few cookies in. This recipe makes 36 drop cookies, double it if there are boys in the family.

Orange Marmalade Cookies

1½ cups flour
¼ taspoon soda.
¼ taspoon salt.
¼ cup shortening.
½ cup sugar.
One egg (well beaten).
1-3 cup orange marmalade.
Broken nuts.

Sift flour, soda and salt together. Cream sugar and shortening. Add alternately to this the dry ingredients and beaten egg. Blend well, add the marmalade. Drop from teaspoon on to greased cookies tin. Bake in hot oven. Broken nuts on top of each is a delicious touch.

Gnochi! We hear about it and wonder what it is. Try this recipe and you'll know. This recipe was given to Mrs. Luther Marsh by an Italian friend so it's the real thin

GNOCHI

(Mrs. Luther Marsh)

Boil potatoes in salt water, drain, boil and mash.

Take 3 cups of mashed warm, potatoes and 3 eggs slightly beaten and enough flour to make a batter stiff enough to roll. To the flour add one teaspoonful baking powder and salt. Mix all together roll and cut into inch wide short strips. Boil until tender, drain, serve with Italian gravy.

Italian Gravy for Gnochi

Fry onion and garlic in olive oil and butter. Add one can solid pack tomatoes, 1 can mushrooms, salt, pepper, spanish pepper. Bring to boil, let simmer for one hour.

PEACE OFFICERS ASSOCIATION

The Sierra-Nevada counties Peace Officers Association will hold their monthly meeting next Friday, January 27, 1939, at the National Hotel in Nevada City. N. Piper, division chief of F. B. I. San Francisco, has accepted the invitation to attend the meeting. The pistol team of the peace officers will meet the Folsom State Prison guards and compete on the range at Dew Drop Inn.

WITH YOUR ASSEMBLYMAN

"SCOOP" THURMAN

AT THE STATE CAPITOL

Your assemblyman presented his first bill last week and in doing so made some kind of a record inasmuch as it was the first bill introduced by an assemblyman from the Sixth District since the session of 1935. During the 1937 session of the state legislature, our predecessor, Jesse Mayo did not introduce a single bill.

Our first bill, No. 512, is one of minor importance. It is an amendment to the Vehicle Code which will designate cars driven by constables as authorized emergency vehicles allowing the constables the same privileges as the law now allows other police officers.

This week the writer introduced six other bills amending the political code, the code of civil procedure and the penal code in matters pertaining to justices of the peace and constables. One of these bills would allow the payment of the sum of two dollars to jurors who are called upon to serve in a justice court. Personally we see no reason why a business man who is called away from his work to do jury duty should not be paid a nominal fee for jury duty in a justice court the same as he is paid in the superior court.

Another bill which your assemblyman introduced this week is one which we believe is of vital interest to the entire district. This bill will repeal the present forest fire laws which force the owners of acreage in the mountain area to pay a two cent per acre tax for fire prevention. In amending the present law and repealing a part of it the proposed bill will place the payment of fire prevention funds of timberland owners on a voluntary basis. Under the present law the state board of forestry has found it most difficult to collect the small assessments and at present in Nevada county alone 145 liens have been served during 1938 and 155 suits were filed in 1937 to collect claims which remained unpaid. We will go into this bill further in our letter next week.

Your assemblyman has been swamped this week with telegrams, letters and resolutions opposing the proposed Kings river canyon national park. These letters and resolutions have been received from Nevada county on the north to Inyo county on the south. Rest assured that your representative in the lower house will do all in his power in opposing this proposed national park.

At this time we would like to inform the readers of The Nugget that we would be glad to hear from them at any time relative to matters of importance to the district and the area in particular. You may address me in care of the Assembly Chambers. Sacramento, California.

Of interest to Placer county voters is a bill which Senator Jerrold Seawell introduced in the senate on Monday. The bill resulted as the outgrowth of the recent election for county superintendent of schools in which both candidates received the same number of votes at the general election. The measure introduced by Senator Seawell would require that elections in which the two ranking candidates received an equal number of votes shall be decided by lot. We will handle the bill when it is sent to the lower house.

Senator Jesse Mayo, our predecessor in the lower house, has introduced some fine legislation at this session including an amendment to the old age pension law which will allow the pensioner to earn as much as twenty five dollars a month. The law now allows the aged pensioner to earn but fifteen dollars a month.

Your assemblyman attended a public hearing on the Senate Joint Resolution opposing the creation of the Kings River Canyon National Park, which was held before the Senate Committee on Monday evening of this week. Senators Mayo and Brown, two of the state senators in this assembly district took active part in supporting the resolution. Senator Seawell of Roseville, who is president pro tempore of the senate, presided at the hearing. Following the hearing the senate committee passed favorably on the resolution and following its passage it will come before the lower house for consideration. By attending the hearing we were able to secure much information which wil assist us in aiding in the passing of the resolution when it reaches the assembly.

Of interest to the voters of the Truckee area is a bill introduced in the assembly which would do away with the highway patrol checking stations. The author of the bill Assemblyman Swallisch, endeavored to have the bill adopted as an emergency measure without reference to committee. Those of us who are block the emergency clause by havopposed to the measure were able to block the emergency clause by having the bill sent to committee. Thi will give ample time for us to secure additional facts in opposition to the bill.

PULITZER PRIZE PLAY WITH AN ALL STAR CAST

"You Can't Take It With You" Pulitzer prize play, will be at the Broad Street Theatre Sunday and Monday nights.

The new film deals with the lovable and perfectly delightful Vanderhoff family, which believes in doing whatever it wants whenever it wants to.

In their old New York home, presided over by Grandpa Vanderhof, this uninhibited group reveals a heart warming attitude toward life in a merry melange of comedy, flavored with romance and tinged with pathos.

"You Can't Take It With You" is concerned in part, with the proud, aristocratic Kirbys, as well as with the carefree Vanderhofs. Kirby's monumental plans to form a huge munitions merger, a move which requires the purchase of all property within an area of twelve city blocks, is halted when Grandpa refuses to sell the Vanderhof home at any price. The plan of Kirby's son to marry Alice Sycamore, his secretary is blocked when the boy brings his parents to dinner one night, only to discoved the Vanderhof family engrossed in its various eccentric affairs.

The romance and merry mad conflict of the two families, coupled with the enjoyable hobbies of the Vanderhofs and their many friends. is declared to make "You Can't Take It With You" one of the outstanding productions of the season,

Prominent in the supporting cast of the new Capra film are Spring Byington, Samuel S. Hinds, Dub Taylor, Donald Meek, H. B. Warner, Halliwell Hobbes, Eddie Anderson and Lillian Yarbo. Dimitri Tiomkin composed the musical score.

Mrs. Harry Robinson of Lovelock, Nevada is visiting her mother Mrs. T. S. Ford.

COURT CALENDAR

Estate Frances Jane Cornish, deceased, petition for letters of administration.

Guardianship of person and estate of A. H. Burton, incompetent account of guardian.

Estate of Joseph T. Dunlap, deceased, final account, petition for distribution.

Estate Thomas Sowden, petition for letters of administration.

Estate of Bessie Wales, deceased, petition for probate of will.

Estate of W. P. Cline, deceased, final account and petition for distribution.

Estate of Rosa Hayes, deceased, final account and petition for distribution.

Guardianship person and estate of Eliza Lucas, incompetent, petition for allowance for the maintenance of the ward.

Geraldine McLean vs. E. W. Ellis, motion for new trial.

People vs. Irl R. Blackwood, Irene Blackwood, arraignment 9:30 a. m.

PERSONAL

Mrs. L. G. Lageson entered Sutter Hospital n Sacramento Monday and is to remain for several days. She thought she would be able to return Saturday but was not feeling well enough to make the trip home.

Tom Lewis returned Wednesday from a business and pleasure trip of a month. He visited his daughter in Oakland and also visited in Bakersfield, Tracy, Richmond and Fresno.

Lloyd Hiscox, local postal employee, was in Sacramento this week appearing as a witness in an alleged check forgery case involving Roland Hill vs, Robert Hill. He returned home Wednesday evening.

Monseignor Ramm of St. Mary's Cathereral, San Francisco is the guest of his sister, Miss Mary Ramm on Grove street.

Mr. and Mrs. J. K. Osborne have returned to their home on the Ridge Road after several weeks spe San Francisco. Previous to their San Francisco visit they enjoyed a sojourn of two weeks in the southern part of the state.

Mrs. William Maguire returned Sunday from a three months visit with her daughter and son and their families in the bay cities.

LEGAL NOTICE

No. 3906

NOTICE TO CREDITORS IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

In the Matter of the Estate of LEONARD GECK, Deceased.

NOTICE IS HEREBY GIVEN by the undersigned William D. Geck, as administrator of the estate of Leonard Geck, deceased, to the Creditors of and all persons having claims against the said decedent to file them with the necessary vouchers within six (6) months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California, in and for the County of Nevada, or to exhibit them, with the necessary vouchers, within six (6) months after the first publication of this notice to the said administrator, at law offices of Lynne Kelly, 127 Mill Street, Grass Valley, Nevada County, California, the same being his place of business in all matters connected with the estate of said Leonard Geck, deceased.

Dated December 16th, 1938.

WILLIAM D. GECK,
Administrator of the estate of Leonard Geck, Deceased.

LYNNE KELLY, Attorney for Administrator.

First publication December 23, 1938.

Dec. 23, 30, Jan. 6, 13, 20.

BEAUTIES, FOUR OF 'EM

Three San Francisco World's Fair beauties take time out to investigate the new 1939 General Electric "Triple Thrift" refrigerator. The girls are attired in Spanish and Western costumes for the World's Fair Premiere Festival, a gigantic celebration to be staged by the City of San Francisco for the opening of the Golden Gate International Exposition. "What a beauty!" the Fair Beauties chorused as they sampled the contents of this new General Electric Refrigerator line.

PONEMAH COUNCIL

Seven members of Ponemah Council, Degree of Pohahontas, joined a bus load of members of Ceanotha Council of Grass Valley and attended a meeting in Auburn which honored the official visit of the Great Pocahontas. In the group were Mrs. Annie Browning, Mrs. Maude M. Shaw, Mrs. Felicia Moody, Mrs. Elizabeth Lasbaugh, Mr. and Mrs. George Gildersleeve, and Mrs. Lucille Cicogni. The local council received an invitation to attend the grand officer visit in Grass Valley March 3.

AMERICAN RED HEADS COME HERE TOMORROW

Tomorrow night, Saturday, January 21, the Elks Basketball teams will play a double header game.

The 145 pound team will show a snappy preliminary and then the Varsity will swing into action against one of the most talked of and most traveled teams in America. This team is "The All American Red Heads." The team is composed entirely of young ladies. Playing against men and under men's basketball rules they travel all over the United States and manage to win about ninety per cent of their games. Its something to see and a large audience is expected.

MRS. SCHIFFNER SHOWS ALASKAN PICTURES

About 40 members of the Methodist Ladies Aid Society and guests were present Wednesday afternoon to enjoy a luncheon at one o'clock in the church parlors. After the luncheon Mrs. Otto E. Schiffner displayed her many beautiful pictures taken on her Alaskan trip last summer. The Aid Society plans an All Nations tea on February 3 when the tables will be decorated to represent different countries. Members will dress in the country's costumes.

Mrs. O. Bettcher who resides on the Willow Valley road, is recovering from a recent sereve attack of influenza.

C. I. O. BUYS OLD CHINATOWN BUILDING

Where did you ever get ... by waiting?

EYE OPENER! With all its extra value, this Buick sedan lists at $51 less than a year ago!

Easy on the eye—easy to buy—on General Motors terms!

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES
★ DYNAFLASH VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE ★ BUICOIL TORQUE-FREE SPRINGING ★ GREATER VISIBILITY ★ HANDISHIFT TRANSMISSION ★ ROOMIER UNISTEEL BODY BY FISHER ★ TORQUE-TUBE DRIVE ★ TIPTOE HYDRAULIC BRAKES ★ CROWN SPRING CLUTCH ★ "CATWALK-COOLING" ★ OPTIONAL REAR AXLE GEAR RATIOS ★ FLASH-WAY DIRECTION SIGNAL ★ SELF-BANKING KNEE-ACTION FRONT SPRINGING
When better automobiles are built Buick will build them

TUNE IN!
Hear Clem McCarthy's blow-by-blow description of the Joe Louis-John Henry Lewis Championship fight! Watch papers for time and listen in with Buick's compliments.
ALL NBC STATIONS!

IT may be, of course, that you haven't *tried* this Buick beauty.

It may be you haven't eased it the gas, and felt it settle down, all staunch and steady and solid beneath you, to the joyful task of speeding your going!

It may be you haven't looked out through these wider windows—haven't known the featherbed comfort of soft, BuiCoil Springing—haven't felt the blessed security of handling that's sure, even when streets are slick!

But the very look of this Buick traveler ought to tell you—it's too good to wait for!

Not to have it now is to miss a lot of fun that this great and able Dynaflash eight can bring you. You're missing miles of pleasurable *comfort*—and skid-dodging safety as well.

You lose something by waiting, too, in the trade-in value of your present car—which is obviously worth less with each week's added mileage.

This up-and-at-'em performer doesn't wait when you want it to go—so, why should you wait to get it going?

Prices are lower than a year ago, lower than you'd expect, lower even than on some sixes. And the bills you may dodge by buying now may even cover a payment or two!

No—waiting won't get you anywhere, sir—but sure as value is value, this Buick will!

"Better buy Buick—NOW!"

AUSTRALIA BANS IRON EXPORTS TO JAPANESE

Australia's recent iron and steel embargo is linked with conservation policies for her armament and industrial development. It does not in any sense reflect anti-japanese policy despite injuries to Japanese interests, reports Jack Shepherd, of the Australian Council of the Institute of Pacific Relations.

Protests against the Australian policy are coming both from within the commonwealth, and from Japan, writes Mr. Shepherd in the Far Eastern Survey. Australians argue that the embargo will injure political relations, and will give Japan a real grievance against Australia. The most important protest, however, comes from the government of Western Australia who argue that the conservation policy is premature, and that it effects their prosperity. They further agree that ships carrying ore might also have carried Australian beef to Japan, thus developing a vast cattle area.

The Nippon Mining Company operating in Western Australia represented large investments of Japanese foreign exchange, and a rich potential source of ore supply for Japanese industry, which has not been forthcoming. The Australian government's policy greatly affects Japanese governmental plans for use of iron and steel, and has helped to intensify Japanese efforts to stimulate iron ore production in Japan proper and in areas under Japanese control.

At the same time the government of Indo-China is reported to have placed a ban on the export of iron from the colony. Joint effects of the Australian and French embargo may force Japan to greatly modify her five-year plan announced in March for Japanese iron and steel industry, calling for importation of 9,500,000 tons of iron ore from Australia and southeastern Asia.

PONEMAH HONORS GREAT POCAHONTAS

Ponemah Council, Degree of Pocahontas, entertained Monday evening honoring their Great Pohahontas Tillie Cavanaro, of San Francisco. A dinner was served at the National Hotel preceding the meeting. Two palefaces were adopted, Mrs. Hazel Gray and Lena Hanks. The drill team in Indian robes put on their work in a most beautiful manner showing careful training of Drill Captain George Gildersleeve. Mrs. Elizabeth Lashbaugh, district deputy, was present for the special visit of the grand officer. Many members of Ceanotha Council of Grass Valley were present for the evening A banquet was served to about ninety at the close of the meeting. Gifts were presented and several speeches enjoyed.

The Nevada City Elementary Parent Teacher Association will hold a special meeting today at 3 o'clock in the auditorium of the grammar school. This is to be a business session and a large attendance is desired.

LINCOLN PROFILE

Beneath the two men standing on the sculptured chin of Abraham Lincoln in the Mt. Rushmore national memorial near Rapid City, S. D., is a drop of 2,500 feet. Size of the profile may be estimated by comparing the whole with the men standing on the chin.

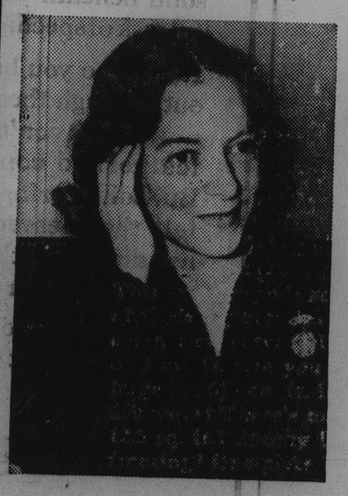
LIFE BEGINS AT 70

Member of the house of commons at Ottawa, Mrs. George Black, 73, was elected to that position three years ago. Though elderly, she is as active as she has ever been. Attending the Alaska-Yukon Pioneers annual banquet in Seattle, she sparkled with jovial humor.

GRIDIRON GHOST

This Martian looking character is what the football player of the future will resemble if he dons all the safety equipment demonstrated recently at a football coaches' meeting. The various safeguards are designed mainly to protect the player in practice.

DEGREE FOR ACTRESS



Recipient of the honorary degree of Doctor of Humane Letters from Hamilton college, New York, Actress Helen Hayes is the second woman to receive a degree from that school. In 1924 Ruth Draper, dramatic monologist, was awarded the degree of Master of Arts.

SCOTTISH CHIEF SAVED HIS TRIBE FROM INVASION

LOS ANGELES, Jan. 19.—Almost forgotten by historians, the story of one of America's greatest Indian chiefs has been brought to light by Dr. John W. Caughey, assistant professor of history on the Las Angeles campus of the University of California.

The story is told in McGillivray of the Creeks, a biography and collection of letters recently written and edited by Dr. Caughey. The volume is number eighteen of a series called Civilization of the American Indian, published by the University of Oklahoma Press.

Alexander McGillivray was a half-breed whose father was a Scottish adventurer, and whose mother was the daughter of a Creek Indian chief. He was one of the most gifted and most highly educated Indian chief, and one historian has called him the 'Tallyrand of Alabama."

As head of the Creek nation in the critical decade following the American Revolutionary War, McGillivray controlled an area about half as large as present day Alabama. Around the Scottish Indian chief centered the rialries and intrigues of the United States, Spain and Engand for control of the southeast. Through astute diplomacy, however, he protected the Creeks from white invasion for more than two decades.

Dr. Caughey found McGillivray's story about nine years ago while engaged in research among the documents in the Archives of the Indian at Seville, Spain. A bundle of letters, written in a bold hand, proved to be McGillivray's letters to various Spanish officials in Florida and Louisiana. These formed the basis for the book, McGillivray of the Creeks.

McKENZIE PROPERTY

Arthur Greer and others have taken over the McKenzie mining ground which adjoins the Champion mine on the west and north. There are about 200 acres in the property which has had considerable development done on it in recent months by Carl Kamp and partner. It is stated the new group is working on the gravel channel.

NATIVE DAUGHTERS BANQUET INSTALLATION

Laurel Parlor, Native Daughters of the Golden West held installation Wednesday evening. It was called to order by the chairman, Zoe Kagerer, who welcomed Sally Blakely and a corps of grand officers.

The new officers were installed into their respective stations by Sally Blakely, Deputy Grand President of Laurel Parlor The Supervising District Deputy, Vera Hansen and a delegation from the Manzanita Parlor were present.

The officers installed were: Esther Tremaine Joyal, past president; Theresa Alaria, president; Angelina Falconi, first vice president; Naomi Kopp, second vice president; Elsie Flynn, third vice president, Annie Hooper, marshall; Adeline O'Conner, treasurer; Nellie Clarke, recording secretary; Agnes Worthley, financial secretary; Frances Eilerman, organist; Edith Casci, inside sentinel; Mrs Pitts, outside sentinel; Eleanor Vanberg, Mary Davis, Leona Noyes, trustees.

After the installation, Miss Madge Pianezzi sang appropriate solos for the president. A gift was presented to the past president, Mrs. Joyal, for her wonderful services given to Laurel Parlor and Frances Hawke sang for her, "When We Grow Too Old to Dream, We'll Have Laurel to Remember."

A gift was also presented to Junior Past President, Effie Goering, for her faithful service during this past term. A remembrance was presented to Adele Tredennick by Margaret Weldon for the officers who served with her during her last term as financial secretary.

A pleasant hour was spent in the banquet room where the committee under the chairmanship of Annie Darke had delightful refreshments prepared.

BUBBLE AND SQUEAK

BY ROY GRIFFITHS DEETER

INTERNATIONAL

The recent and persistent bombing outrages in Great Britain certainly have "put the wind up" the general public. What is at the bottom of this campaign of destruction is, at this distance and with but meager press details, hard to surmise. Latest reports have it that seven Irishmen have been arrested. The secret service is feverishly hunting for a bomb dump somewhere in the heart of London. Guards at such places as No. 10 Downing street, and the Houses of Parliament have been doubled and miracle of miracles, some of the good stout English Bobbies are even being permitted to carry fire-arms, which in itself is astonishingly unusual and proves conclusively that the affair must be serious.

POLITICS

The furious battles now waging, not only in Washington but also in our own fair state, over relief appropriations is very confusing. The noise that is being made over this issue makes one wonder if it is really relief for the needy that is uppermost, if perhaps by curtailment of funds, some big-wig is going to lose his cut, or if after all it is a sudden ardent desire for economy. We wish we knew.

SPORTS

Unless there is a drastic change in the weather between now and Saturday, we are afraid you ski fans are going to be very disappointed people. Unless you are prepared to drive up to Summit and then hike into the Sugar Bowl region, we can positively assure you that the skiing will be mighty poor anywhere else along the T-U highway and Route 40. However as most skiers are also skaters, we can tell you that the ice rink at Truckee is going at full swing and the skating there is good.

RADIO

The moderately new program "Information Please" is rapidly turning out to be one of the most popular on the airways. It started out as a sustaining program and has developed to its present proportions in an amazingly short time. It has the virtue of being not only amusing, but highly constructive, at the same time presenting some very famous people (Woolcott and Van Loon as examples) and gives the audience seen and unseen the opportunity of having a bit of fun and some rousing mental calistenics as well. It is an NBC feature and we recommend it highly to your attention.

ENTERTAINMENT

And while we are recommending, don't forget "You Can't Take It With You," at the Broadway Theatre on January 22-23. Usually tremendously bally-hooed pictures are apt to be disappointing. One hears so much about them, one expects too much, hence a let-down. But not with this one. It is all it is cracked up to be and more. Watch particularly for the scene between Barrymore and the income tax collector. To us this was the high spot of a show packed with high spots. It is rated as the second best picture of the year, we sstill do not quite understand why it is "second."

AIRWAYS

Last week there arrived at Treasure Island the first of the new giant Clippers to be delivered to Pan-American Airways. These huge ships of the air are the last word in luxury, the interior scheme including not only dining and smoking rooms but a bridal suite. There is hot and cold running water throughout the ship and everything is air conditioned. Decoration is streamlined in the ultra modern vogue for chrome and mohair. These new ships loaded weigh 83,000 pounds, have a wing span of 152 feet a h,eight of 23 feet and a length of 109 feet. They are equipped with four Wright Cyclone motors, each of 1,500 horse-power, carry a maximum load of 74 passengers, have a speed of 200 miles per hour and a ceiling of 20,000 feet. They are roughly twice as big as the Clippers now in service. Day by day, and in every way we get closer and closer to the stratosphere.

MUSIC

Those of you who are looking for new sheet music or new recordings, may we suggest the following as being very new and pretty snappy? The Umbrella Man, The Man With the Brown Toupee, and The Funny Old Hills.

TRIVIA

"What's young Arthur doing now-a-days?"

"Riding around all day with his pockets full of money."

"Did he come into a fortnue."

"No, he is a bus conductor."

VALE

And with this we say to you, Cheerio Everybody!

WILLIAM ALLEN WHITE TO TALK TO JOURNALISTS

Presidents of three major newspaper organizations in the United States will address more than newspaper publishers and guests at the 51st annual convention of the California Newspaper Publishers Association this Friday, Saturday and Sunday in Fresno.

William Allen White, publisher of the Emporia (Kan.) Gazette and president of the American Society of Newspaper Editors, will speak at the Friday night dinner.

Saturday noon, James G. Stahlman publisher of the Nashville (Tenn.) Banner and president of the American Newspaper Publishers Association, will speak on a "Free Press in a Democracy." Will H. Conrad, publisher of the Medford (Wisc.) Star-News and president of the National Editorial Association, will speak Saturday afternoon.

Representing the state administration, due to the illness of Governor Culbert L. Olson, will be Phil Gibson, director of finance. Wesley O. Ash, area director of the wage and hour division, will speak Saturday afternoon, as will Claude Minard, secretary of the State Bar of California.

One of the highlights of the meeting will be the opening luncheon at which time nine awards for excellence in various divisions will be made to contest winners. Awards will be given for the best front page of a weekly, best editorial page of a daily, best editorial, outstanding disinterested community service, courage in journalism, best special edition, best commercial printing, best newspaper promotion and best news picture.

An innovation at this year's convention will be the symposium, "Looking Ahead," at which leaders from allied newspaper groups in California will be speakers. These include Phil M. Knox, Oakland Tribune, president, California Circulation Managers Association; Morton J. A. McDonald, Oakland Tribune, president California Classified Advertising Managers Associatioo; L. McFall, San Bernardino Sun, president, Southern California Mechanical Conference; Paul C. Smith, San Francisco Chronicle, San Francisco Newspaper Publishers Association, and James W. Metcalf, president the southern unit, California Newspaper Advertising Managers Association.

Roy A. Brown, San Rafael Independent, president of the CNPA, will preside at all of the meetings. Neal Van Sooy, Azuza Herald, second vice president of the association, is convention chairman, and G. C. Hamilton, McClatchy newspapers, ss host publisher.

Clark L. Carter Weds in Baguio

Mrs. Randolph Carter of Nevada street received an air mail letter recently announcing the wedding of her grandson, Clark R. Carter, to Miss Barbara Dungly at Baguio, Philippine Islands, December 24, 1938. The young couple are honeymooning in the upper part of the island.

The groom is the son of Mr. and Mrs. Will Carter and left this city two years ago last June. He attended West Point military academy for four years and had retired from this school shortly before leaving for the Islands. He graduated from the Downieville schools where his parents formerly resided. He is employed by the Benguet Gold Mining company. With his bride he will continue to reside in the islands. Carter's parents were prominent local residents for a number of years, his father Will Carter was formedy a deputy sheriff.

Evangeline Chapter Host at Card Party

Evangeline Chapter, O. E. S. held a delightful party after the meeting in Masonic Hall Tuesday evening. Mrs. Annie Sherman and Mrs. Elizabeth Leiter won first and second in whist, while Mrs. W. V. Tamblyn and Mrs. Geary Faegans won two firsts in Chinese checkers. A pretty feature of the evening was presentation of two beautiful bouquets of sweet peas to two officers who had birthdays during the month. A springtime theme was carried out on the luncheon table with bouquets of weet peas. Mrs. E. T. Joyal is worthy matron.

Mrs. Harry McKee Honors Guest

Mrs. Harry E. McKee most graciously entertained at a dinner and party at her home, McKeesport on the Tahoe-Ukiah highway, yesterday afternoon honoring the mother of Mrs. Harold Haley. Mrs. Haley has been a guest of her daughter and son in law for some time and is returning to her home in San Francisco during the week end.

HIGH SCHOOL NOTES

By JEAN MARTZ

The Girls League will present their annual program for the Nevada City high school on Friday. The program in charge of Jean Martz has been arranged as follows:

Solos by Patricia Presly: "Indian Love Call" and "Make Believe."

Personality parade representing the different types of girls found in the average high school. Various members of the Girls League will act these parts.

A surprise act by two of the girls. In closing the girls chorus will sing three numbers: "Sweet and Low," the well known lullaby; "How Can I Leave Thee," folk song, and "The Cossack Rider." a Russian love song.

BASKETBALL

The Nevada City Yellowjackets will meet the Grant Union basketball A and B teams on Friday night at the local gymnasium.

The starting lineup for the A game will probably be Lotz and Childers forwards, Kopp, center and Gates and Joyal guards. The starting players for the B game will probably be Pingree, Novac, Martin, Tobiassen, Ruth.

Although the boys were beaten in their encounter with Placer Union, high hopes are held for the game with Grant Union. Grant Union high school is very large and the boys have much experience but its hoop team has not been very successful this year.

HOME ECONOMICS

The Home Economics club held a meeting on Wednesday. LaVerne Willard, as chairman of the arrangement committee, read the list of food to be brought for the pot luck supper and the members volunteered their contributions. The menu will consist of various types of salad, hot dishes, sandwiches and dessert. The types of food are optional by the contributors. The dinner will be held on Friday evening before the basket ball game.

GIRL'S BASKETBALL

The girls A team started practicing basketball Monday night. Captains have not yet been chosen but there is a large turnout and the teams will soon organize and begin a tournament.

The B team champions are the members of Francis Davies team. A game for second place will be played on Friday afternoon between Doris Rosynski and Jean Elliott's teams. Each of the three B teams have played seven games. After the game on Friday the B team is finished for the year.

GOLDEN BEAR MINE

Ten men are employed at the Golden Bear mine five miles south of Downieville. The crews are breasting to reach channel. The property is near the famous Ruby Gravel and Quartz property.

Carl Johnson, who is interested with Harold Casey of Alleghany in the Bowman mine at Plum Valley is making a brief visit with his family on Park avenue and will return home this morning. Outlook for mining in his section looks very promising.

PLACER JUNIOR COLLEGE WILL OPEN MONDAY

Placer Junior College is opening for the second semester next Monday and Tuesday, when registration will take place at the college administration building on Orange street.

Class instruction will begin Wednesday under the direction of the factulty according to Dean Wyman E. Olson.

Among the new courses to be offered are one in sociology given by S. M. Barooshian, a laboratory course in physiology for nursing and physical education majors; a lecture coudse in zoology, a survey course in the history of western civilization; practical aids in photography; and introductory work in mineralogy and surveying.

It will also be possible to register in the second semester offerings in English, dramatics, journalism, history, mathematics and sciences.

The terminal courses of the commercial and agriculture departments have expanded offerings. The basic classes in shorthand, accounting and typewriting will be continued.

Other features of the commercial department will include subjects of saesmanship, social security accounting, business economics, commercial law, and machine practice.

The agriculture department will add new courses in poultry husbandry, advanced pomology, agricultural economics and irrigation.

Adults who are interested in any of the above courses may register as special students.

District superintendent Dr. John H. Napier announces the Nevada county bus will continue to leave the National Hotel at Nevada City at 7:15 a. m. each school day. It will proceed along highway 49, picking up students en route.

GRACEY MINE

Crews are employed in 2 shifts at the Gracey mine mill treating ore from the Stockton Hill mine in southern Nevada county. The ore is trucked to the mine for reduction.

DACIN DREDGING COMPANY

The Dacin dragline boat has been hauled upon the bank out of range of high water after completing quite a run on gravel along Wolf Creek on the Maben and adjoining properties in southern Nevada county. The company is doing some testing on the Champion mine gravel deposits along Deer Creek west of Nevada City.
